FLO-VU®

Sight Flow Indicators

*Guaranteed Not To Leak

High Pressure & Temperature Rated

Excellent Safety & Reliability

ETHYLENE™

an ANDRONACO INDUSTRIES company
**FLO-VU®**

**Guaranteed Bubble-Tight**  
*When used within Ethylene design conditions*

- **Size Range**  
  1" - 12" up to 50" Long

- **Pressure Rating**  
  Full Vacuum to 150 psig

- **Operating Temperature**  
  (-)20°F to (+)350°F

- **100% Tested**  
  Each unit is subjected to a 225 psig hydrostatic pressure test and a 100 psig helium mass spectrometry test before shipment

- **Energized Seal Design**  
  PTFE / Viton® Energizer gasket provides a secure, bubble-tight seal even in applications with extreme thermal cycling

---

**Standard Features**

- **Lexan®/ Polycarbonate Impact Shield**  
  A Lexan outer safety shield with an unobstructed 360° view is provided on FLO-VU 360L and 360M to protect the glass from external damage and to provide scatter protection

- **PFA and Glass Wetted Surfaces**  
  PFA and borosilicate glass wetted surfaces offer high temperature with maximum corrosion resistance and absolute product purity

- **Rugged Construction**  
  All FLO-VU sight indicators have heavy-duty tie rods and flanges to limit deformation under heavy external loads and reduce glass stress

---

**MATERIAL SPECIFICATIONS**

**Model 360L - PFA Lined**
- PFA Lined 316 Stainless
- Extra Heavy Wall Borosilicate Glass
- Polycarbonate Impact Safety Shield
- PTFE w/ Viton® Energizer (non-wetted)

**Model 360M - Unlined Version**
- 316 Stainless
- Extra Heavy Wall Borosilicate Glass
- Polycarbonate Impact Safety Shield
- PTFE w/ Viton® Energizer (non-wetted)

---

**FLO-VU® Standard**  
PFA Lined or Unlined 316 S.S.

**FLO-VU® Durcor® Composite Flanges**

**FLO-VU® Double-Sure™ Double Contained**

**FLO-VU® Pure-Vu™ Sanitary Tri-Clamp**

---
